I filed a Civil Action # 1:05cv02408  
Asking the D.I.A. there in Washington, for  
information on who had (jurisdiction) over  
SW 1/4-27-25-8, Osage County, Pawhuska Ok. in  
1989. There 5th extension ran out July 7, 06.

I wrote the D.A. there telling him I  
received no response, and he hasn't responded to  
my letter.

I would appreciate it if you could  
help me on this matter.

SW  $\frac{1}{4}$ -27-25-8  
Osage County  
Pawhuska, OK.  
Surplus Allotment Land.

According to the Oklahoma Historical Society there was no "Indian title" on SW  $\frac{1}{4}$ -27-25-8 in 1989.

According to the Affidavit of personal Knowledge made by Royal Thornton, 7-16-97 allottee # 246 died (testate) on November 24, 1920, and on Dec 17 1926 vested title to the SW  $\frac{1}{4}$ -27-25-8 in her nieces and nephews in accordance with the terms of her will.

The will says the land she inherited from her late husband allottee # 245 be (sold) and the proceeds divided between her nieces, and nephews. SW  $\frac{1}{4}$ -27-25-8 was part of this land.

The Abstract title to SW  $\frac{1}{4}$ -27-25-8 says the same thing as the will.

The Affidavit of personal Knowledge is a fraudulent statement.
